

## **Inner West Mobile Massage Reviews**

"I really loved it that I was able to have a massage in my own home. The practitioner brought everything, including towels and gave me a very comfortable and relaxing massage. At first I didn't think it would have an effect, but afterwards I felt incredibly limber and relaxed and all my friends commented on how happy and great I looked straight afterwards. "

"Inner West found me a great therapist at relatively short notice. As a new mum, I couldn't see myself going out for a massage. It was great to have someone come to my home at a time that suited me. I've used them many times - awesome! Professional, courteous and great service!"

"What an Incredible Massage that left me wanting more...! I was so pleased with my massage experience. The therapist addressed my needs and educated me on how to improve my overall mobility and muscle strength, plus they came to my home so I did not have to drive and get stressed again in Sydney Traffic. How Awesome Is That..!"

"I had a set of twin babies at home plus a 2 year old so going out for a massage was not really an option. I came across Inner West Mobile Massage via google. I sent an email request through and was contacted almost immediately in a friendly manner. 4 years later, I am still using the massage therapist that we found via Inner West Mobile Massage. Excellent service, excellent in every way! We put the kids to bed at 7pm, and after a hard day at work, it is nice not to have to go out to get a massage therapist, the therapist comes to you."
